You Can Easily Operate This Typewriter Yourself

Don't worry you correspondents. Don't write him anything by hand that takes him time to make out that may leave him in doubt—that he can't easily read. And don't fill out legal papers or card memos. You can make out accounts or hotel menus in your own handwriting. It looks bad, reflects on your standing, makes people think you can't afford a stenographer, and is sometimes ambiguous. You can write out your letters—make out an abstract—in full and in insurance policy—enter your card memos—make out your accounts, or a hotel menu—or do any kind of writing you need on any kind-size or thickness of paper, and space any way you want on.

The OLIVER Typewriter
The Standard Visible Writer.

You can write any of these things without error. You do not happen to have a stenographer. For you can easily learn with a little practice, to write just as fast, and as perfectly, as an expert operator on the OLIVER. Because the OLIVER is the simplified typewriter. And you can write every word you write. About 50 per cent more durable than any other typewriter, because it has about 50 per cent less wearing points than most other typewriters. It is the most complicated, intricate machine that requires "humorous"—technical knowledge—long practice and special skill to operate. Than machines which cannot be adjusted to any special space—within which it is impossible to write abstracts, insurance policies or odd-sized documents, except you buy expensive special attachments requiring experts to operate.

You can adjust the OLIVER to any reasonable space—you can write on any reasonable size and thickness of paper, right out to the very edge, without the aid of any expensive attachments or special skill, and your work will be neat, appearing, legible and clear. For the OLIVER is the typewriter for the doctor, the lawyer, the insurance agent, the merchant, the hotel proprietor—or any man who does his own writing. IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles—An Owosso Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Owosso people testify to permanent cures.

W. H. Richards, formerly of Mulberry street, just inside the city limits, says: "I was afflicted with kidney complaint for some years, and had such soreness and lameness through my loins and kidneys that I was unable to walk up-rightly, but had to crawl about at times on my hands and knees. I suffered from a catarrhal condition of the bladder, and the kidney secretions were irregular, distressing and annoying. If I attempted to lift anything or stoop I was repaid with sharp twinges of pain through my kidneys. I was unable to obtain a remedy to relieve me until I saw Doan's Kidney Pills highly recommended. I procured them at Johnson's drug store and used them. I commenced to improve rapidly and when I finished the treatment my back and kidneys were better in every respect."

THERE'LL BE DOINGS

Albion College President Threatens to Stir Up Albion.

DECLARES OFFICIALS NEGLIGENT

Dr. Dickie Claims to Have Evidence of Law Violation Against Practically Every Saloonkeeper—He Gives Out Warning.

Albion, Mich., Nov. 25.—Albion is to have a general municipal house-cleaning. The city officials received their challenge Sunday from Dr. Samuel Dickie, who in addition to being president of Albion college, is interested in a number of the city's industries.

In an address to a men's meeting at the Methodist church on law enforcement he announced that he had in his possession positive evidence of law violation on the part of practically every saloonkeeper in the city.

Dr. Dickie openly charged the mayor and other city officials, many of whom were in the audience, with open neglect of duty, and in support of his charges read a letter from Judge Grant, of the supreme court, defining their responsibilities.

Dr. Dickie said he had obtained a statement from Mayor McCulliffe that if some citizen would carry a case through and obtain a conviction he would take up the others. Said Dr. Dickie:

"I am going to give the mayor his chance to make good. Let me give you fair warning, there will be doings in Albion."

Albion, Mich., Nov. 27.—In an interview Monday Mayor McCulliffe came back at Dr. Samuel Dickie, who has charged the city officials with neglect of duty in the enforcement of the liquor laws. Said the mayor:

"Dr. Dickie claims I winked at many violations. It is perhaps true. I find it necessary to wink at many cases where the law is violated, and as many times it is the college and church people who break the law as it is the saloon people."

"I am as anxious as the doctor is to preserve law and order, but the trouble is Mr. Dickie wants me to do things his way; and while I am mayor I propose to do them my way."

Dr. Dickie says he is running no bluff, and that he will soon commence proceedings against the liquor dealers of the city. It is reported that the college president has in his possession positive evidence and the witnesses to support it in 76 different cases of law violation.

ALL EVIDENCE IS IN.

Allegan's Co-Operative Store Conspiracy Case Soon Comes to Trial.

Allegan, Mich., Nov. 27.—All the evidence in the conspiracy case of the People vs. Henry A. Dibble, Al Holmes, Ed Horan, M. V. S. McAlpine and Dante Webster has been taken in the justice court, and all have been bound over to the circuit court. These men are charged with conspiring against the rest of the stockholders in the Grange Store Co-Operative association by trying to grab all the stock.

Dibble, in his evidence so far, claims that he was the tool to steal the money from the store's receipts with which to buy this stock, he being the cashier and head bookkeeper of the firm. The trial will probably come off next Tuesday, and is expected to last about eight days.

Dibble is also charged with embezzlement of Grange store money, but Prosecuting Attorney Cross says that he will not be tried on this charge, as he has already admitted his guilt. Al Holmes was the one who preferred the embezzlement charge.

Three Deaths by Accidents.

Escanaba, Mich., Nov. 26.—Accidents in or near Escanaba Saturday caused the death of three men, William Jordan, aged 23, a fireman, on the Northwestern road, the only support of a blind father, fell from his engine while the train was running 50 miles an hour, near Escanaba, and received injuries from which he died. John Sheehan, a laborer, aged 60, employed by the Escanaba Woodmenware Co., fell into a steaming vat and literally cooked to death. Henry Wilson, aged 21, a laborer, employed by the I. Stephenson Co., was caught in a revolving shaft. The body whirled, striking timbers and machinery until life was extinct.

Found Dead Beside His Boat.

Mt. Clemens, Mich., Nov. 28.—Anthony Amets, a well known real estate dealer, was found dead by his boat on the lake shore at 12:30 p. m. Tuesday. A charge of shot had killed him. He had been shooting duck, and is believed to have met death through an accident. He was found by his partner, Chas. Swelkart. Mr. Amets was about 48 years of age. He is survived by a widow and three grown children.

Gale on Lake Erie.

Cleveland, O., Nov. 28.—A gale which reached a velocity of sixty miles an hour, raged on Lake Erie a good part of Tuesday, and compelled even the big passenger boats to seek shelter. The City of Erie, which left Buffalo Monday night, did not arrive here until 11 o'clock last night, and came in over 12 hours late.

BOWS TO THEIR WILL.

Dr. Crapsey Terminates His Ministry in Episcopal Church.

Rochester, N. Y., Nov. 26.—Bowling to the will of the church, but refusing to make a "cowardly retraction," of the belief which induced the church to terminate his ministry, the Rev. Algernon S. Crapsey, rector of St. Andrew's church, of Rochester, N. Y., Sunday renounced his ministry in the protestant episcopal church in a letter to Bishop William David Walker, of the western diocese of New York. In this letter the Rev. Mr. Crapsey reaffirmed his belief that the "notion of the origin of Jesus that a son of man was born without a human father is without foundation in history."

He also asserted that "when I say of Jesus that he ascended into heaven, I do not mean and cannot mean that with his physical body of flesh, blood and bones he floated into space and for two thousand years has been existing somewhere in the sky, in that very physical body of flesh, blood and bones. Such an existence would seem to me not glorious but horrible."

WHOLESALE POISONING.

Philadelphia Woman Charged With Having Caused Five Deaths.

Philadelphia, Nov. 28.—The most remarkable case of wholesale poisoning of persons to secure insurance money that has ever been unearthed in this city, is charged against Bridget Carey, who was arrested at a late hour last night, by Detectives Isaacs and Miller and Deputy Coroner Paul. The woman, who is 32 years old, is charged with having poisoned her husband, Patrick, her two children, Mary, aged eight years, and Annie, aged 6, who died a week ago, and Patrick and Cecilia Cook (nurses in the Carey house, at 1224 Hamilton street).

All of the alleged victims died within 11 months, and the police allege that Mrs. Carey benefited by their deaths to the extent of \$1,000, through the collection of insurance.

GO TO SEE PRESIDENT.

Discharged Negro Soldiers Will Appeal to Roosevelt.

Oklahoma City, Okla., Nov. 28.—Sergeants Israel Harris, Jacob Frasier, Mingo Sanders, Thornton and Holly, of the Negro troops discharged at Fort Reno, were in this city Tuesday on their way to make an appeal to President Roosevelt. Sergeant Harris said: "We do not go so much to ask for reinstatement as to ask that our discharge papers carry with them a record of service. Some of the men have served twenty-five years, and we believe that much is due them. We do not believe the president would have discharged the troops had he been in Brownsville at the time of the trouble."

Kills Wife and Self.

Toledo, O., Nov. 26.—Mr. and Mrs. James Scott Mitchell, of Salem, Mass., were found dead in bed in a rooming house at Bellevue, east of here Sunday morning. When their room was entered a strong odor of formaldehyde gas was noticed. Coroner Vermilya rendered a verdict of double suicide. Later investigation, however, revealed facts which, it is said, tended to show that Mitchell drugged his wife, and caused her death, and then committed suicide by the same means. The two had been traveling together for several years, the woman being a palmist known as Ollie Courtland. The parents of the dead woman, Mr. and Mrs. D. G. Chittenden, of Salem, Mass., have been notified. No cause for the murder or suicide is known.

THROWN FROM AN AUTO.

Prominent Oxford Man Killed in the Streets of Detroit.

Detroit, Mich., Nov. 26.—Charles F. Tonstead, of Oxford, Mich., a director of the Eby Manufacturing Co., of Detroit, was crushed against a telephone pole in an automobile accident at Moran street and Gratiot avenue about 6:30 o'clock Saturday evening, and died in great agony at Grace hospital less than two hours later.

All the ribs below the fourth on the left side of his body were reduced to splinters and there were numerous internal injuries. He was conscious most of the time previous to his death and recognized his friends.

Tonstead was riding with Benjamin Noble and James Fry. Upon rounding a curve the party came upon a horse and wagon. In the collision which followed, Tonstead was thrown from the car against a telephone pole. Several ribs were broken and internal injuries also took place. He died shortly after being removed to Grace hospital.

TO STOP PRIZE FIGHTS.

Strenuous Ordinance Introduced into Grand Rapids Council.

Grand Rapids, Mich., Nov. 27.—An ordinance was introduced into city council last evening that practically puts an end to prize fights in this city.

The proposed ordinance prohibits all boxing matches for money or prizes, public or private.

All other matches are limited to three rounds of three minutes each, with eight-ounce gloves, provided license is first obtained from police and fire commissioners. The ordinance was placed on second reading and final action taken within two weeks.

Insurance For Grangers.

Lansing, Mich., Nov. 28.—One of the latest organizations in the fraternal insurance line has been organized in Grand Rapids, and State Insurance Commissioner Barry has approved its plan and issued a permit for it to begin doing business. It is the Grand Exalted Circle of the Protected Patrons of Husbandry, and it is destined to furnish life insurance to members of both sexes of the patrons of Husbandry, otherwise known as the Grangers. Prominent members of the Grange have long recognized the desirability of adding the life insurance feature to the other benefits of the organization, and this new society has the backing of many of the leading members.

Plenty of Lumbermen.

Calumet, Mich., Nov. 26.—Snow and cold weather have arrived and woods work is now in full blast in the northern Michigan pineries. With the arrival of winter surface operations on the various mining properties are being discontinued, and railroad and other construction work suspended. This has resulted in a larger supply of labor for the logging camps, and the various contractors are now recruiting their forces. For the past six weeks the lumber companies have been importing men from the large cities, but henceforth the supply will be more adequate.

Prominent Lumberman Dead.

Manistee, Mich., Nov. 28.—Edward D. Wheeler, ex-lumberman and mill owner, died Tuesday morning after a lingering illness, of Bright's disease.

CRISIS OF GIRLHOOD

A TIME OF PAIN AND PERIL

Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

Girls' modesty and oversensitiveness often puzzle their mothers and baffle physicians, because they withhold their confidence at this critical period.

A mother should come to her child's aid and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change and start the menstrual period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tullahoma, Tenn., writes:

"I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound."

"When fourteen years of age I suffered almost constant pain, and for two or three years I had soreness and pain in my side, headaches, and was dazed and nervous, and doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to strong, healthy and happy womanhood.
